In the case of the partition suit of Mrs. Mattie Bast et al against G. W. Bast et al which was tried at our court, and was argued before the judge, was decided in favor of the plaintiff. The judge held that it could not be brought into the court from the fact that the defendants did not appear before the commissioners when the commissioners made their report, and we understand that the reason the defendants did not appear was because they were not notified by the commissioners as it was their duty to do by law. The case was appealed.

The Great Exponent of Type-Writers.

Prof. Frederick Robinson, called on us yesterday and demonstrated the latest principles in typewriter mechanism. It is interesting to know that the Blickensderfer Manufacturing company are not only producing the latest improved typewriter, but they also court advances in the way of price, which is about one-half that of the old trust machine. The only high-grade machine at a low-grade price. Prof. Robinson, their representative, will at all times be glad to give you enlightenment in the processes of new typewriter building. Address him at Jackson, Mo.

"NERVE WASTE."

One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawin, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast sum of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.

It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nerve impairment."

The book is \$1, by mail, postpaid. One of the most interesting chapters—chapter XX, on nervousness and nerve-tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp by the publishers, The Pacific Pub. Co., Box 2668, San Francisco.
